

## Energy (TSNPDCL) Department

- Name of the Approval: Power Feasibility & Estimate
- Total number of applications handled: 1144

### 1 *Applications disposed within due date:* 1111 (97.1%)

	a. Average number of days taken for approval v/s SLA	5 / 16.5
2	No of applications disposed on the same day (excluding time taken for Pre-Scrutiny)	597
3	No of applications disposed on the same day (including time taken for Pre-Scrutiny)	37

### 1 *Applications disposed beyond due date* 33 (2.9%)

	a. No of applications disposed within 1 week from due date	8
	b. No of applications disposed within 2 weeks from due date	12
	c. No of applications disposed after 2 weeks from due date	13
2	Average number of days taken for disposal v/s SLA	37.9 / 15.2
3	Maximum number of days taken in an application	129
4	Average delay beyond due date (no. of days)	19.8

**Note:** Analysis is based on applications handled by the department from April 2016 to September 2017

## Ground Water Department

- Name of the Approval: Permission to Construct Borewell
- Total number of applications handled: 380

### 1 Applications disposed within due date: 351 (92.4%)

	a. Average number of days taken for approval v/s SLA	9.6 / 14
2	No of applications disposed on the same day (excluding time taken for Pre-Scrutiny)	3
3	No of applications disposed on the same day (including time taken for Pre-Scrutiny)	1

### 1 Applications disposed beyond due date 29 (7.6%)

	a. No of applications disposed within 1 week from due date	10
	b. No of applications disposed within 2 weeks from due date	8
	c. No of applications disposed after 2 weeks from due date	11
2	Average number of days taken for disposal v/s SLA	35.1 / 14
3	Maximum number of days taken in an application	113
4	Average delay beyond due date (no. of days)	18.1

**Note:** Analysis is based on applications handled by the department from April 2016 to September 2017

## Energy (TSSPDCL) Department

- Name of the approval: Power Feasibility & Estimate
- Total number of applications handled: 1226

### 1 *Applications disposed within due date:* **1126 (91.8%)**

	a. Average number of days taken for approval v/s SLA	2.9 / 19.2
2	No of applications disposed on the same day (excluding time taken for Pre-Scrutiny)	1107
3	No of applications disposed on the same day (including time taken for Pre-Scrutiny)	699

### 1 *Applications disposed beyond due date* **100 (8.2%)**

	a. No of applications disposed within 1 week from due date	33
	b. No of applications disposed within 2 weeks from due date	15
	c. No of applications disposed after 2 weeks from due date	52
2	Average number of days taken for disposal v/s SLA	44.3 / 16.9
3	Maximum number of days taken in an application	199
4	Average delay beyond due date (no. of days)	24.3

**Note:** Analysis is based on applications handled by the department from April 2016 to September 2017

## MA&UD (HMWSSB) Department

- Name of the Approval: Feasibility for Water Connection
- Total number of applications handled: 34

### 1 Applications disposed within due date: 30 (88.2%)

	a. Average number of days taken for approval v/s SLA	7.8 / 14
2	No of applications disposed on the same day (excluding time taken for Pre-Scrutiny)	3
3	No of applications disposed on the same day (including time taken for Pre-Scrutiny)	1

### 1 Applications disposed beyond due date 4 (11.8%)

	a. No of applications disposed within 1 week from due date	2
	b. No of applications disposed within 2 weeks from due date	0
	c. No of applications disposed after 2 weeks from due date	2
2	Average number of days taken for disposal v/s SLA	86.3 / 14
3	Maximum number of days taken in an application	215
4	Average delay beyond due date (no. of days)	69.3

**Note:** Analysis is based on applications handled by the department from April 2016 to September 2017

## EFS&T (Pollution Control Board) Department

- Name of the Approval: Consent for Establishment
- Total number of applications handled: 1207

### 1 *Applications disposed within due date:* **1020 (84.5%)**

	a. Average number of days taken for approval v/s SLA	8.1 / 11.9
2	No of applications disposed on the same day (excluding time taken for Pre-Scrutiny)	209
3	No of applications disposed on the same day (including time taken for Pre-Scrutiny)	23

### 1 *Applications disposed beyond due date* **187 (15.5%)**

	a. No of applications disposed within 1 week from due date	92
	b. No of applications disposed within 2 weeks from due date	22
	c. No of applications disposed after 2 weeks from due date	73
2	Average number of days taken for disposal v/s SLA	51.1 / 11
3	Maximum number of days taken in an application	238
4	Average delay beyond due date (no. of days)	37.1

**Note:** Analysis is based on applications handled by the department from April 2016 to September 2017

## Factories Department

- Name of the Approval: Factory Plan Approval
- Total number of applications handled: 1386

### **1 Applications disposed within due date: 1167 (84.2%)**

	a. Average number of days taken for approval v/s SLA	3.2 / 7
2	No of applications disposed on the same day (excluding time taken for Pre-Scrutiny)	571
3	No of applications disposed on the same day (including time taken for Pre-Scrutiny)	102

### **1 Applications disposed beyond due date 219 (15.8%)**

	a. No of applications disposed within 1 week from due date	97
	b. No of applications disposed within 2 weeks from due date	34
	c. No of applications disposed after 2 weeks from due date	88
2	Average number of days taken for disposal v/s SLA	29.9 / 7
3	Maximum number of days taken in an application	205
4	Average delay beyond due date (no. of days)	19.9

**Note:** Analysis is based on applications handled by the department from April 2016 to September 2017

## Panchayat Raj Department

- Name of the Approval: NOC from Gram Panchayat
- Total number of applications handled: 596

### 1 *Applications disposed within due date:* 423 (71%)

	a. Average number of days taken for approval v/s SLA	7 / 10
2	No of applications disposed on the same day (excluding time taken for Pre-Scrutiny)	176
3	No of applications disposed on the same day (including time taken for Pre-Scrutiny)	8

### 1 *Applications disposed beyond due date* 173 (29%)

	a. No of applications disposed within 1 week from due date	78
	b. No of applications disposed within 2 weeks from due date	35
	c. No of applications disposed after 2 weeks from due date	60
2	Average number of days taken for disposal v/s SLA	33.4 / 10
3	Maximum number of days taken in an application	168
4	Average delay beyond due date (no. of days)	20.4

**Note:** Analysis is based on applications handled by the department from April 2016 to September 2017

## MA&UD (DT&CP) Department

- Name of the Approval: Industrial Building Plan Approval
- Total number of applications handled: 610

### 1 *Applications disposed within due date:* **401 (65.7%)**

	a. Average number of days taken for approval v/s SLA	4.7 / 7
2	No of applications disposed on the same day (excluding time taken for Pre-Scrutiny)	143
3	No of applications disposed on the same day (including time taken for Pre-Scrutiny)	19

### 1 *Applications disposed beyond due date* **209 (34.3%)**

	a. No of applications disposed within 1 week from due date	62
	b. No of applications disposed within 2 weeks from due date	22
	c. No of applications disposed after 2 weeks from due date	125
2	Average number of days taken for disposal v/s SLA	35.2 / 7
3	Maximum number of days taken in an application	175
4	Average delay beyond due date (no. of days)	25.2

**Note:** Analysis is based on applications handled by the department from April 2016 to September 2017

## Energy (CESS) Department

- Name of the Approval: Power Feasibility & Estimate
- Total number of applications handled: 64

### 1 *Applications disposed within due date:* 41 (64.1%)

	b. Average number of days taken for approval v/s SLA	3.7 / 12
2	No of applications disposed on the same day (excluding time taken for Pre-Scrutiny)	25
3	No of applications disposed on the same day (including time taken for Pre-Scrutiny)	4

### 1 *Applications disposed beyond due date* 23 (35.9%)

	d. No of applications disposed within 1 week from due date	9
	e. No of applications disposed within 2 weeks from due date	2
	f. No of applications disposed after 2 weeks from due date	12
2	Average number of days taken for disposal v/s SLA	44.4 / 12
3	Maximum number of days taken in an application	99
4	Average delay beyond due date (no. of days)	29.4

**Note:** Analysis is based on applications handled by the department from April 2016 to September 2017

## MA&UD (HMDA) Department

- Name of the Approval: Building Plan Approval
- Total number of applications handled: 224

### 1 *Applications disposed within due date:* **128 (57.1%)**

	a. Average number of days taken for approval v/s SLA	8.5 / 14
2	No of applications disposed on the same day (excluding time taken for Pre-Scrutiny)	21
3	No of applications disposed on the same day (including time taken for Pre-Scrutiny)	0

### 1 *Applications disposed beyond due date* **96 (42.9%)**

	a. No of applications disposed within 1 week from due date	19
	b. No of applications disposed within 2 weeks from due date	7
	c. No of applications disposed after 2 weeks from due date	70
2	Average number of days taken for disposal v/s SLA	59.7 / 14
3	Maximum number of days taken in an application	224
4	Average delay beyond due date (no. of days)	42.7

**Note:** Analysis is based on applications handled by the department from April 2016 to September 2017

## MA&UD (KUDA) Department

- Name of the Approval: Industrial Building Plan Approval
- Total number of applications handled: 16

### 1 *Applications disposed within due date:* 8 (50%)

	a. Average number of days taken for approval v/s SLA	3.9 / 14
2	No of applications disposed on the same day (excluding time taken for Pre-Scrutiny)	9
3	No of applications disposed on the same day (including time taken for Pre-Scrutiny)	0

### 1 *Applications disposed beyond due date* 8 (50%)

	a. No of applications disposed within 1 week from due date	0
	b. No of applications disposed within 2 weeks from due date	2
	c. No of applications disposed after 2 weeks from due date	6
2	Average number of days taken for disposal v/s SLA	60.8 / 14
3	Maximum number of days taken in an application	152
4	Average delay beyond due date (no. of days)	43.8

**Note:** Analysis is based on applications handled by the department from April 2016 to September 2017

## HOME (Fire & Safety) Department

- Name of the Approval: Provisional NOC from Fire Dept.
- Total number of applications handled: 20

### 1 *Applications disposed within due date:* 10 (50%)

	a. Average number of days taken for approval v/s SLA	9.4 / 14
2	No of applications disposed on the same day (excluding time taken for Pre-Scrutiny)	1
3	No of applications disposed on the same day (including time taken for Pre-Scrutiny)	1

### 1 *Applications disposed beyond due date* 10 (50%)

	a. No of applications disposed within 1 week from due date	6
	b. No of applications disposed within 2 weeks from due date	1
	c. No of applications disposed after 2 weeks from due date	3
2	Average number of days taken for disposal v/s SLA	26 / 14
3	Maximum number of days taken in an application	42
4	Average delay beyond due date (no. of days)	9

**Note:** Analysis is based on applications handled by the department from April 2016 to September 2017

## I&C (TSIIC) Department

- Name of the Approval: Industry Building Plan Approval
- Total number of applications handled: 185

### **1 Applications disposed within due date: 92 (49.7%)**

	a. Average number of days taken for approval v/s SLA	5.6 / 7
2	No of applications disposed on the same day (excluding time taken for Pre-Scrutiny)	16
3	No of applications disposed on the same day (including time taken for Pre-Scrutiny)	3

### **1 Applications disposed beyond due date 93 (50.3%)**

	a. No of applications disposed within 1 week from due date	27
	b. No of applications disposed within 2 weeks from due date	25
	c. No of applications disposed after 2 weeks from due date	41
2	Average number of days taken for disposal v/s SLA	24.3 / 7
3	Maximum number of days taken in an application	75
4	Average delay beyond due date (no. of days)	14.3

**Note:** Analysis is based on applications handled by the department from April 2016 to September 2017

## Revenue Department

- Name of the Approval: NALA Conversion
- Total number of applications handled: 279

### 1 *Applications disposed within due date:* 117 (41.9%)

	a. Average number of days taken for approval v/s SLA	8.6 / 14
2	No of applications disposed on the same day (excluding time taken for Pre-Scrutiny)	143
3	No of applications disposed on the same day (including time taken for Pre-Scrutiny)	5

### 1 *Applications disposed beyond due date* 162 (58.1%)

	a. No of applications disposed within 1 week from due date	32
	b. No of applications disposed within 2 weeks from due date	19
	c. No of applications disposed after 2 weeks from due date	111
2	Average number of days taken for disposal v/s SLA	50.7 / 14
3	Maximum number of days taken in an application	155
4	Average delay beyond due date (no. of days)	33.7

**Note:** Analysis is based on applications handled by the department from April 2016 to September 2017

## MA&UD (HMDA) Department

- Name of the Approval: Change of Land Use
- Total number of applications handled: 69

### **1 Applications disposed within due date: 11 (15.9%)**

	c. Average number of days taken for approval v/s SLA	12.1 / 30
2	No of applications disposed on the same day (excluding time taken for Pre-Scrutiny)	3
3	No of applications disposed on the same day (including time taken for Pre-Scrutiny)	1

### **1 Applications disposed beyond due date 58 (84.1%)**

	g. No of applications disposed within 1 week from due date	7
	h. No of applications disposed within 2 weeks from due date	5
	i. No of applications disposed after 2 weeks from due date	46
2	Average number of days taken for disposal v/s SLA	84.7 / 30
3	Maximum number of days taken in an application	230
4	Average delay beyond due date (no. of days)	51.7

**Note:** Analysis is based on applications handled by the department from April 2016 to September 2017
